PGCB Approved **Gambling problem? Call 1.877.565.2112 for help.**

Entry Requirements

1. Participants must be in good standing at HCPN and have a Marquee Rewards account.
2. Players must present a valid, current, government or state issued ID at time of registration.
3. Participants must register in person on the day of the tournament.
4. Registration for tournaments begins two hours prior to the start of each tournament.
5. Registration for all tournaments will be limited by available tables and staffing.
6. HCPN reserves the right to cancel a poker tournament for any reason, on or before the scheduled dates. If cancelled, all entry fees will be returned and neither party shall have further liability to the other.

Tournament Play

1. HCPN will use "HCPN Tournament Rules" (available at any time upon request).
2. HCPN Tournament staff may alter the break schedule, blind structure, or level times at any time if in the best interests of the tournament.
3. Players may buy-in to tournaments with cash or value cheques.
4. All winnings will be paid by cash unless check or value cheques are requested.
5. Players may make deals and alter Payout Table if all remaining players agree ("chop"). If any "chop" arrangement is made, the tournament will end and all prize money will be distributed as per the players' agreement.
6. Late registrations and re-entries will be accepted up until the end of the 3rd level. Once the first break *begins*, no registration will be allowed (Players who are eliminated on the last hand of level 3 will be given an option to re-enter.) If no seat is available at the time of registration, players will be placed on a list of "alternates" and will be guaranteed a seat once available. Alternates will be seated in the order of registration and chips will be put in play for the next player on the alternate list once a seat is available.
7. Chips will be placed on all spots and blinded off appropriately at the start of each tournament ("Dead stacks). Dead stacks will be removed at the end of the first level and the tables balanced (if necessary).
8. Alternates, re-entries, and late entries will have chips blinded off (once they are seated) using the following procedure:
    a. Each alternate will surrender their total owed chips to the dealer. Total chips owed are equivalent to one small blind and one big blind for current level at the time the chips are put in play.
    b. The equivalent of one small blind will be placed into the pot by the dealer each hand until all penalty chips are back in play
9. Players who lose all of their tournament chips shall be considered no longer part of the tournament and must leave the table.
10. All regularly scheduled tournaments allow players to "re-enter" up to the end of the late registration period. Players who re-enter must surrender chips as if they had registered late, will be at the bottom of the alternate list (if there are alternates waiting), and will be re-seated according to table balancing needs.
11. Starting location of button for all tables will be determined on one game by high card. Re-draw for button will take place prior to start of the final table.
12. Tables will play "hand for hand", if necessary, if multiple tables are in still in play and the next player eliminated would result in the remaining players being in the money (hand-for-hand on "bubble").
13. When 10 or fewer players remain, they will re-draw for seating position on the final table.
14. With one table remaining, if more than one player is eliminated at the completion of a hand, the awarding of prize money will be based on the players' stack size at the start of the hand. If two or more players are eliminated on the same hand at separate tables, they will split the prize payouts as evenly as possible.
15. Winners of all prizes are solely responsible for all applicable state and federal taxes.
16. Under all circumstances the decision of HCPN Table Games Management is final.
17. Other than stated above, house rules will apply.

BLIND STRUCTURE

Level	Small Blind	Big Blind	Ante
1	25	50	0
2	50	100	0
3	100	200	0
