The Hollywood Jackpot High Five

The Hollywood Jackpot High Five Jackpot (Pentafecta), is a \$.20 wager that is divided into a major and a minor (carryover) pool. The major pool is divided among all tickets correctly selecting the first five finishers of the race in exact order. The minor pool is awarded when only one unique \$.20 wager correctly selects the first five finishers in exact order. If more than one ticket correctly selects the first five finishers in exact order, the minor pool is then carried over and placed in the minor pool of the next Pentafecta Race, unless the race has been designated a "Mandatory Payout Race". If no tickets correctly select the first five finishers in exact order, then the entire pool (major and minor) carries over to the minor pool of the next Pentafecta race.

The net Jackpot Pentafecta pool shall be distributed in the following precedence, based on the official order of finish:

The entire net Pick 6 pool and carryover, if any, shall be distributed to the holder of a unique winning ticket selecting the first place finisher in each of the selected six (6) contests, based upon the official order of finish. If there is no unique winning ticket selecting the first place finisher in all six (6) contests, the major pool of the net Pick 6 pool shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of Pick 6 contests and the minor pool shall be added to the carryover.
