entry requirements

1. Participants must be in good standing at HCPN and have a Marquee Rewards account.
2. Players must present a valid, current, government or state issued ID at time of registration.
3. Participants must register in person on the day of the tournament.
4. Registration for tournaments begins two hours prior to the start of each tournament.
5. Registration for all tournaments will be limited by available tables and staffing.
6. HCPN reserves the right to cancel a poker tournament for any reason, on or before the scheduled dates. If cancelled, all entry fees will be returned and neither party shall have further liability to the other.

tournament play

1. HCPN will use "HCPN Tournament Rules" (available at any time upon request).
2. HCPN Tournament staff may alter the break schedule, structure, or level times at any time if deemed to be in the best interests of the tournament or due to business volume or available staffing.
3. Players may buy-in to tournaments with cash or value cheques.
4. All winnings will be paid by value cheques unless otherwise requested.
5. Players may make deals and alter Payout Table if all remaining players agree ("chop"). If any "chop" arrangement is made, the tournament will end and all prize money will be distributed as per the players' agreement. Finishing position will be determined by chip count at the time of chop.
6. Late registrations and re-entries will be accepted up until the beginning of the first break. Once the first break begins, no registration will be allowed (Players who are eliminated on the last hand before the first break will be given a final opportunity to re-enter.) If no seat is available at the time of registration, players will be placed on a list of "alternates" and will be guaranteed a seat once available. Alternates will be seated in the order of registration and chips will be put in play for the next player on the alternate list once a seat is available.
7. All players will receive a full starting stack at time of entry.
    a. Alternates, re-entries, and late entries will have their stack put into play once a seat is available.
    b. Players whose chips are put in play before the blinds have passed their seat one time will be dealt in immediately.
    c. Players whose chips are put in play *after* the blinds have passed their seat one time will have the option to either:
        i. Post the equivalent of one big blind and be dealt in right away
        ii. Wait until the big blind reaches their seat to be dealt in.
8. Players who lose all of their tournament chips shall be considered no longer part of the tournament and must leave the tournament area.
9. Starting location of button for all tables will be determined on one game by high card. Re-draw for button will take place prior to start of the final table.
10. Tables will play "hand for hand", if necessary, if multiple tables are in still in play and the next player eliminated would result in the remaining players being in the money (hand-for-hand on "bubble"). The clock will continue to run during hand-for-hand until the end of the level in which hand for hand began, and then the clock will pause until hand for hand is over.
11. When 10 or fewer players remain, they will re-draw for seating position on the final table.
12. The tournament clock will not be paused, except when consolidating players to the final table OR at management's discretion. Time taken for floor calls and balancing tables is included in blind levels.
13. With one table remaining, if more than one player is eliminated at the completion of a hand, the awarding of prize money will be based on the players' stack size at the start of the hand. If two or more players are eliminated on the same hand at separate tables, they will split the prize payouts as evenly as possible.
14. Winners of all prizes are solely responsible for all applicable state and federal taxes.
15. Under all circumstances the decision of HCPN Table Games Management is final.

*Buy-in and total Starting Chips includes optional "Dealer Appreciation Bonus" which must be paid prior to playing the first hand. Bonus fee goes directly to dealers' tokes. For starting chips w/o Dealer Appreciation Bonus please see room.

** Bounty is a mandatory part of the bounty tournament buy-in. A Bounty is paid to each player who eliminates another player from the tournament. Bounty money is segregated from prize money.
