MINI & MIDI BACCARAT

As in regular Baccarat, Minibaccarat involves decisions on how much you want to bet and whether to bet on the Bank, the Player or on the tie bet. In betting on the Bank, the casino will collect a 5% commission on money won as each wager is settled by the dealer. A winning tie bet pays 8 to 1. In Minibaccarat, eight decks of cards are used. And just as in Baccarat, the cards are shuffled and placed in the shoe. In Midi Baccarat the cards are handled and revealed by the player with the largest bet placed on either the player or banker wager. In Mini Baccarat the dealer handles and reveals all cards. After announcing "no more bets", the game starts with four cards dealt from the shoe, forming two hands, one called the Player's hand, the other the Banker's hand. The initial four cards are dealt alternately from the shoe. The first and the third cards dealt are placed face up for the Player's hand. The second and fourth cards are placed face up for the Banker's hand. As in the game of Baccarat, if the point count of either hand is 8 or 9 (called a natural), no more cards will be dealt. If the bank does not have a natural, the Player will always draw a third card on totals of 0-1-2-3-4 and 5 and stand with 6-7-8 and 9. The cards are dealt according to fixed rules. There are no options regarding drawing the third card for either Player's or Banker's hand. No more than one additional card will be drawn to each hand. The hand closest to 9 wins and shall be paid at odds of 1 to 1. If both the Player's and Banker's hands result in identical totals, the tie bet wins, but the Player's and Banker's hands neither win nor lose. Cards count as face value. Ace equals one. Deuce is two. All tens and face cards, or any combination of ten, have no value. So: 9 + 5 = 4. Jack + 1 = 1. These charts describe the fixed rules governing the draw of additional cards.
