#### ROYAL MATCH 21 PAY TABLE

As the game begins, a single hand of blackjack is dealt to all active players, except for the dealer, who only takes an up card. As players stand or bust, the dealer's hand is completed as a result of each player's decision. For example, while one player might stand, sending the subsequent cards to the dealer's hand, another might hit and receive those cards toward his or her total - leaving each hand to the player's discretion.
